

## SIGN HOLDERS

With unlimited FREE access to a variety of SAFETY SIGNS  
Download and print ours or design your own

Effective safety signage is a vital part of workplace safety. We offer a unique and convenient “print your own” signage system to warn your employees and visitors of potential hazards in the workplace.

Our range of all-weather indoor/outdoor sign holders provides an innovative solution to safety signage requirements, offering convenience, flexibility and cost advantages over traditional solutions.

### SIMPLE TO USE

- ✓ Design and print your own sign on any printer or select and print a sign from our website
- ✓ Simply insert the sign in any one of our sign holders.
- ✓ Sign holders are water-resistant and UV protected.

### MULTIPLE SIZES AND CONFIGURATIONS

- ✓ A5 and A6 landscape sizes for face mounting with screws or double sided tape.
- ✓ A4 double-sided sign holder for use in landscape or portrait orientation with versatile mounting options.
- ✓ A4 accessories include a powerful magnetic bracket for fixing to metal beams, posts and machinery, and a multi-purpose stand for free-standing applications.

### UNLIMITED FREE ACCESS TO A VARIETY OF SIGNS

A range of standard signs is available on our website for free download to print yourself
